Baltimore & Ohio Railroad Files Proceedings Against Two Cent Fare

#### AGAINST FAYETTE CO. OFFICIALS

Equity Proceedings Begun Against the Commissioners in Anticipation of Sults That Might Be Filed When Law Becomes Effective October 1.

The Baltimore & Onto Railroad Com-pany will fight the two cent passenger fare law passed at the last session of the Legislature and which was later signed by Governor Stuart. This morning attorneys for the Baltimore & Ohio entered equity proceedings against the Commissioners of Fayette county. They seek to restrain the Commissioners on behalf of the coun-try from entering suits against them for the penalties that might be inflicted for failure to obey the act pass ed by cutting their fare down to two cents a mile in Pennsylvania. The papers in the case go on at some high to give the history of the Pittsburg & Connellsville railroad, which the B. & O. leased in 1875 for a period of 50 years

The railroad company claim they are charging only on an average of two and a half cents a mile for passenger rates. They allege that if the fare is cut down to two cents a mile in Pennsylvania their passenger de-partment will be operated at a greatly reduced profit if not at an actual loss. The claim is also set up that their charter is not revokable and that the two cent fare law is contrary to the spiril of the Constitution of Pennsylvania. The fact is cited that Connelisville is one of the best revenue producers on the system in the passenger department and that the receipts here would be greatly reduced if the

rate is cut to two cents.

The new law is scheduled to go intoeffect in Pennsylvania on October 1 next and it is now a foregone conclusion that the railroad companies, excopt the Lake Eric, perhaps, will refuse to comply with its provisions. The action taken this morning is to head off the many law suits that would arise form nonconformance with the law until a test of the Act can be made.

For cheap sports Butler is the candy fown When former owner Nick Gazetos of the team found that Law son had surfeited the town with 500 20 game tickets, most of which were, still good, he announced that they would not be honored. Did the Butler fans stand by Gaz-toj? Not on your life He couldn't even get police pro tection Hundreds of mon looked through cracks or climbed telegraph poles and fences to dodge paying the 25 cents admission Gazetos had to drive them away hunself. That is the kind of spotts they have up there. Then they set up a how about not intending to do Cavetos any injustice. Butler is considered a cheap town always has been and always will be It will never support a ball term. With the nine in second place and fighting hard for the lead what was the at tendance? Two hundred and fift. Fine town that is The new Assucia tion does not pay G zeter a cent for the franchice. The lemon was hand ed Nick in fine style

## Midsummer Clearance

In accordance with our usual custom not to carry goods

### Saturday Morning, June 29,

we will inaugurate our MIDSUMMER CLEARANCE SALE. Remember, this is no extraordinary mill purchase, but a legitimate offering of all surplus summer stocks, accumulations of odds and ends bound to come to any progressive merchant that does any business. And then again, attribute it to the weather. Blame it on adverse trade conditions. The sum and substance of the matter is, we are overstocked. We have had practically no spring at all. Result is, the merchandise which we naturally expected to dispose of during the usually warm months of April, May and June now reposes upon our shelves. But no stocking away goods from one season to another here. Our lovarlable rule is, new goods at the beginning of each season, hence the following prices; and remember, we have convinced others; we will convince you.
